

POWER UNIT PU-1818

FEATURES

Small 18" footprint

Highly efficient

Low heat yield

Low noise

Easy filter access

LED airflow display

Universal power input

Loaded HEPA indicator

TECHNICAL SPECIFICATIONS

Power requirements:

Power Requirements: 110-240 VAC, 4.35A

Airflow: Up to 650 CFM

Noise Level: \pm 65 dBA

Size: 18" x 18" x 49"H

Weight: 140 lbs [63.5 kg]

HEPA Filtration:

99.99% on 0.3 micron particles- military std MIL-STD-282/ industry std IEST-RP-CC-034

HEPA Replacement:

AFH-1636. Annual certification recommended.
